59/23 CAMBRIDGE COUNTY COUNCIL PLANNING APPLICATION:

Members of Royston Town Council raised a **STRONG OBJECTION** to this application on the following grounds:

1. The access is quite inadequate for the amount of proposed HGV traffic that will be arriving and leaving via the fast carriageway at slow speeds.

2. The excess noise will be unacceptable for nearby properties within the boundary of Royston, especially in view of the processing and crushing of aggregates and hard-core.
3. Odour would no doubt be generated from this site that would affect the quality of life for nearby residents.
4. The proposed hours, which include weekends and bank holidays, are totally unreasonable and would have a detrimental impact to local residents.
5. It would also have a detrimental impact on the landscape, for example the Waste Transfer Station Building will be 14 metres high and far higher than the Screening mound and planting.
6. Dust emissions from the site.
7. Mud and debris on the A505, causing a hazard on the busy dual carriageway.
8. Concern about the processing of hazardous waste, e.g. asbestos, close to residential areas.

It will be Royston residents who will be affected by the proposal, Royston Town Council requests that it be refused and a more suitable site be found.

60/23 STREET NAMING:

Members **RESOLVED** to agree the following names for the Land at Burloes, Royston development:-
